THE 10 HOUR'S CHILDREN'S COORDINATOR Training

SOMEONE TO OVERSEE YOUR CHILDREN'S MINISTRY...

...EXACTLY WHAT YOU NEED, BUT CAN'T AFFORD?

THIS TRAINING CAN SOLVE THAT PROBLEM!

A DEDICATED LAY-COUPLE OR KEY INDIVIDUAL, THOROUGHLY TRAINED, CAN CHANGE YOUR MINISTRY TO CHILDREN—AND STILL BE A SALARY-FREE POSITION!

A Personal Note to the Pastor

Is this your scenario?

Finally, I could afford a "second-man", but he also leads my music, outreach, and teens. He doesn't have time to add a children's ministry, and he wasn't trained for that anyway.

Yet, in reality, I agree! If I want a strong teenage ministry, my pre-teen ministry must be exceptional. I cannot afford another salaried staff position.

What can I do?

Pastor, I believe there are thousands of Baptist churches that are "stuck" with no trained director in children's leadership. This training can solve that problem for you!

Send that dedicated lay-couple or individual who could become your salary-free children's coordinator.

1. I will personally spend 10-hours with them.
2. Each will receive a 400 page illustrated notebook.
3. Each will receive the book "Teaching God's Word to Children."
4. We will thoroughly cover the ten topics listed in the brochure.
5. An additional ten topics in the notebook are for home study.
6. They will have my toll-free counsel line for year-round questions and help.
7. The training is especially geared for churches with no one really in charge of children's ministry.
8. Your leaders must have a continual Great Commission mindset and lead others in that direction!

Excellent Principles Apply Easily For Youth Directors too!

THE TOP 10 AREAS OF CONCENTRATED TRAINING

- 1. Seeing the Big Picture**
Someone must see your total Children's Ministry three years down the road. Enlarging vision, organizing for growth, accomplishing the great commission long term, all are part of what's ahead – becoming a leader of leaders.
- 2. Rejuvenating the Sunday School**
Sunday School is not the problem, a dead Sunday School is the problem. Returning evangelism to the Sunday School. A trained childrens coordinator is the key! Organization, accountability, training workers, balanced curriculum, prospecting and enrolling, evangelistic outreach, and more!
- 3. Recruiting and Training Workers**
If you only wait until you lose a worker to replace one, all you have done is replaced what you have lost. You are not anticipating growth at all. We will learn how to recruit workers and continually train them.
- 4. Evangelizing Children**
The Sunday School must be evangelizing. Scores of methods and training tools will be covered for both children and leaders. A full written strategy will greatly help leaders.
- 5. Really Discipling Your Children**
We believe in discipleship - we want it - but, what's the plan? We will cover both the plan and the tools to use. It must be a major objective. They will see our Discipleship Personal Organizer.
- 6. The Bible Memory System**
The Children's Ministry should not have three groups of workers pushing three sets of verses to the same kids. We will show how to select life-long verses, with projects to help them live out the truth in real life.
- 7. Training Children for Service**
If children can imagine being a doctor, or a lawyer, or police officer, or ball player; why can't they dream of being a preacher, teacher, or missionary? Your leaders will learn how to train children to serve the Lord.
- 8. Children's Church/Kids'n Missions**
Children can be well controlled and in a positive way. Your workers will learn an excellent system and great ideas for children's church. Also, numerous ideas and resources to make missions a major part of your ministry.
- 9. Weeknight Bible Clubs**
Whether your church ever uses your own Master Club Ministry, we will show the great value of weeknight clubs. Leaders will see how clubs compliment your Sunday School, and all the tools of discipleship it includes.
- 10. Children and Activities**
Activities can be both fun and evangelistic. Your leaders will enjoy the resources, the ideas, and actual game pieces. Activities can attract children to your church.
