## ***Bank Project***

Church  
Building

See second page for instructions.

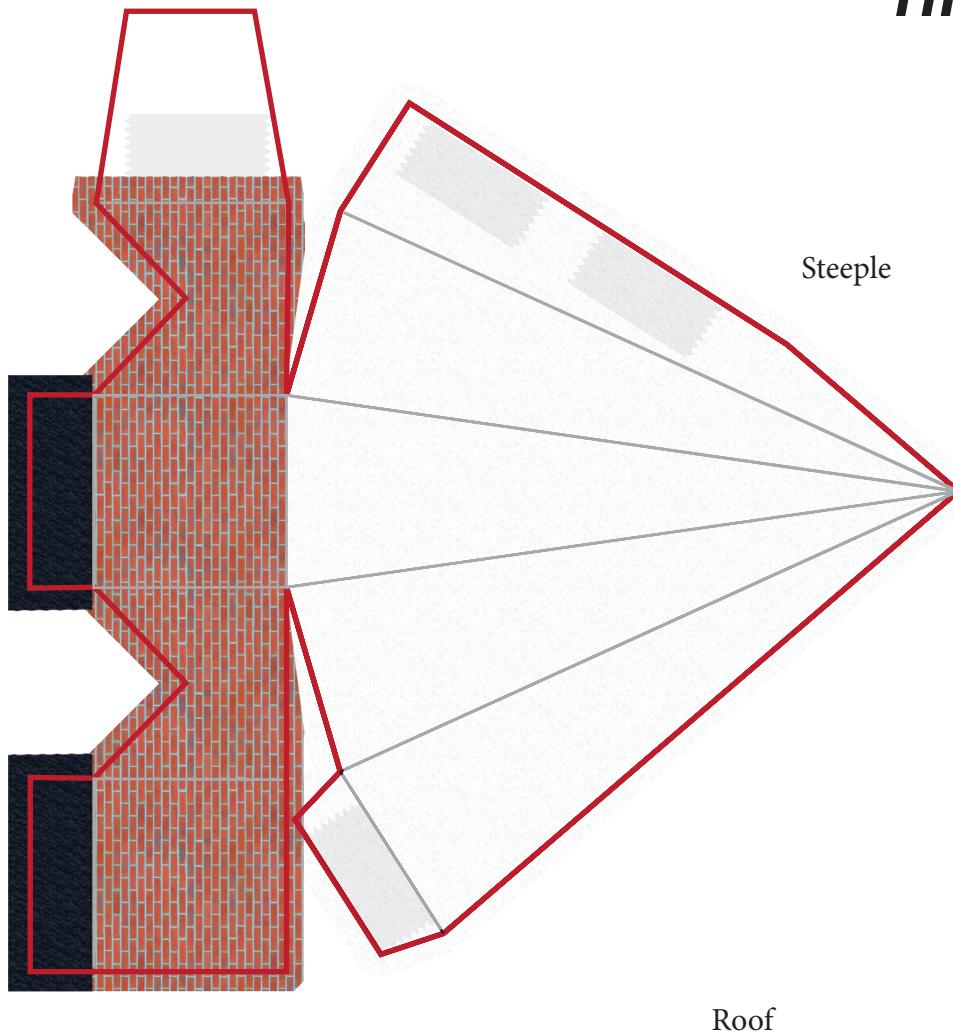

Project from page 48 in the Little  
Shepherds project workbook.

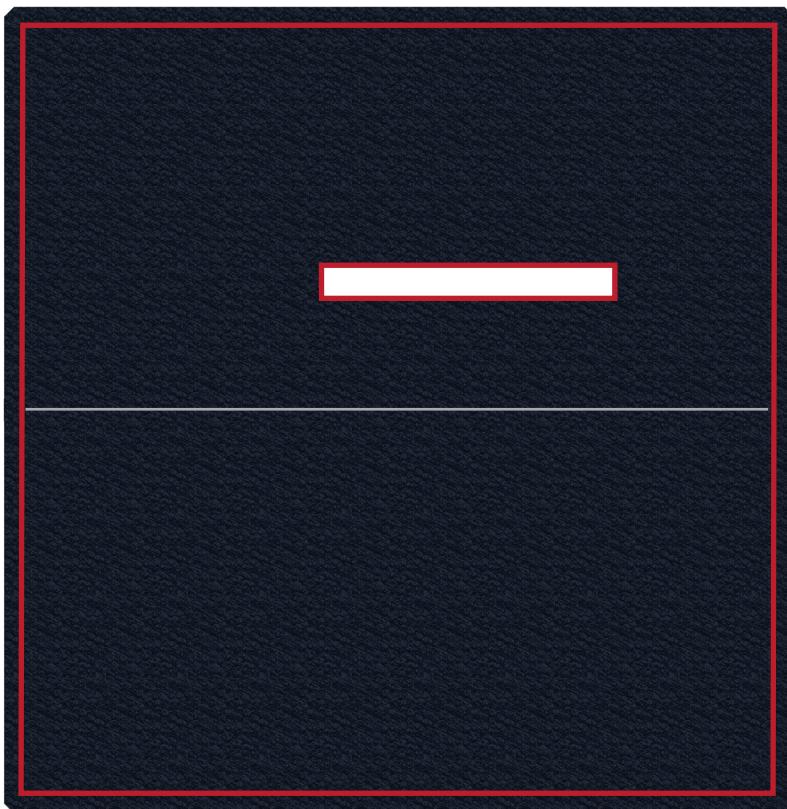

# ***“Thanks for Church”***

## ***Bank Project***

***(Continued)***

Roof

### **Items Needed:**

- White Cardstock
- Scissors/ Crafting Knife
- Double-sided Tape

### **Project Steps:**

1. Print both PDF pages of the church bank project on white cardstock.
2. Using scissors, cut out the church building, steeple and roof following the red cut lines.
3. Tip: Use a crafting knife to cut out the “note” slot on the roof.
4. Fold all of the pieces along the gray lines.
5. Make the church building first by applying double-sided tape where indicated and connecting the pieces.
6. Add the roof to the church building by connecting it with the double-sided tape applied in the previous step.
7. Assemble the steeple using double-sided tape where indicated and then attach to the roof by applying double-sided tape on the under-side of the two black flaps.
